

PGI Properties statement:

PGI Properties, Ltd., owner of The Mansion and The View, is no longer offering the building or any of its facilities for community meetings.

As a ColoVista community partner for over ten years, PGI has strived to create positive fellowship and an environment of inclusion and partnership intended to better the community as a whole. However, certain personal agendas have taken over and many of them negatively impact our efforts and investment in the community. We can no longer advocate for those agendas to be managed from our facilities.

We are open for the situation to change and keep a hopeful yet watchful eye on these agendas and the certain individuals that drive them.
